

## LIFE IS IMPROVED ON A GRADIENT

by L. RON HUBBARD

L. Ron Hubbard, Founder

When you first say to somebody, "We're going to make you better" or "We want to make you better," he immediately asks the question, "Better what?" The bank robber would say he wants to become a better bank robber. Somebody who has lumbosis (a wierd disease that is only known in Scientology) thinks you're talking about making his lumbosis better. The difficulty then is one of communication. One of the most difficult things in the world is to tell somebody who thinks he's a body that he is **himself**.

The world at large tends to tell one another (though I don't think that individually any of them believes it) that man is an animal, and that man is only an animal, and that when he dies he is gone. That is just about as insulting as you can possibly get. It doesn't give the guy any duration, and an individual is then killed dead. So if you want to get even with your fellow man, you'll go around and tell him, "You're an animal and when you're dead you're dead. Now I've gotten even with you!" Man has believed in life everlasting, much longer than he has believed in being an animal. He has only believed that he was an animal since he saw the first psychologist. The world having been taught this type of thing for quite a while now, then finds it rather hard to grasp the older and truer statement, which is man, an individual man, has been going for a very long time, and that when he dies, he goes somewhere else. Man has believed that longer but this other philosophy came in and intended to wipe it away.

Therefore it becomes rather difficult to tell somebody who is out in the street, "This is Scientology and this is where and what we do." He isn't aware of the fact that he's got anyplace to go. He doesn't think he can get any better, he doesn't think that anything is going to change. Well, you have to show him.

Because it is hard to demonstrate it to him or teach him intellectually, you can, however, do it with a synthetic graph. You can show that there are these various states. By visualizing on the graph and letting him see that there is this and that and the next thing, he is shown that there is some place for him to go. And that is the reason for this. Oddly enough, it is very doubtful if he will have any great reality higher than the next level up. He has a good reality on this jump. He can visualize that. He can imagine that. When he gets that, he can have another realization of the next one.

You can in actual fact, advance a person by processing more rapidly that he can tolerate. There's this other side of that. In every case, the individual has practically collapsed. Too much gain. He walks out of the place, he's nine feet tall, he is going to take on the world! He's all set. Then he runs into a grasshopper and the grasshopper kicks him in the teeth and he falls flat on his back. He gets home and he says, "Boy, I feel wonderful." And all it takes is one little remark from his wife, "Well you don't look wonderful dear" to put him in bed. I wouldn't say he's in very good shape. You can advance an individual well above his ability to tolerate. So that is another reason why it is done by gradation.

What does gradation mean? There are grades to a road and there are grades to steps, there are steep steps and shallow steps and so forth and there are vertical poles. And a vertical pole is not a gradient. You want a gradual grade up, that's what gradation means in our particular sense, and classification means that we require certain actions to have been done or conditions to have been attained before we say the individual is classified in that grade and let him go on up. Now we are not trying to keep anybody back, we are just trying to keep somebody from breaking his neck.

### THE BRIDGE

We have the idea of a bridge across the chasm. It is an old mystic idea. There was a chasm between this existence where we are now and a higher plateau of existence and many people trying to make it fell into the abyss. We built a bridge and we have this simile of a bridge and the bridge goes from this state of existence to that state of existence. The bridge is all complete now and it can be walked, but there's one point: you have to walk **on the Bridge**. You wouldn't think you would have to tell people this. You would say to somebody, "You can cross the Grand Canyon as long as you walk across the bridge." And you think that is enough, but somebody will go down to the edge and walk off into thin air!

The Gradation Classification plan is a prevention of that kind of thing. It says there is a Bridge and if you're going to go across from where you are now to where you're going to arrive, you go across the Bridge.

### STATES OF EXISTENCE

Oddly enough, a very high state is the state of need of change. An individual who **knows** he needs change in his life is few and far between. Most homo sapiens wonder how they can endure the thing they can't change. The one thing that Scientology can do and the one thing it does do, is change conditions. Used properly it always improves conditions. If you goof it up it can worsen conditions. That is why we insist it's used right. The need of change gives you the point where the individual can become a Scientologist. He is aware of the need of change. Individuals who are below that point have to be handled with the greatest of care. When they get up to the point where they recognize the world is in need of change, they are a Scientologist or capable of being one.

They go up from need of change, and the next thing they do is demand improvement. After a demand of improvement they can see that there's some hope. And when they are aware that there is hope they can become aware of the fact that there is help and that they can help.

Above that the individual begins to have recognition, his orientation is better, and the first thing he begins to get is an inkling of himself. He begins to recognize others for what they are and the potential of others.

## INCREASE YOUR CHANCES OF SURVIVAL

### AIM YOUR SIGHTS FOR THE SURVIVAL RUNDOWN

**TODAY  
AND GAIN MORE  
ABILITY ON YOUR  
TRAINING  
ROUTE TO OT!**

THE SURVIVAL RUNDOWN is the modern answer to the questions "How can I survive?" "What do I need to know?" "What do I need to do?"

Hunt down the exact means to **your** survival!

The Survival Rundown contains a series of steps of both training and processing which can lead you on the correct path to a previously unknown level of personal survival.

This incredible new rundown is right on target as it contains an arrangement of more than 20 specific steps designed towards bringing you up to greater control over life and the physical universe, increasing your survival potential.

Ron says, "The Survival Rundown is the key to increased survival . . . Run standardly it changes conditions beyond belief . . . Most importantly, it is a big step on the Bridge and opens the way to mental and spiritual processing with more gains than ever before."

You can also learn how to co-audit (audit as a member of a team of two people who are helping each other reach a better life with Scientology processing).

If you have not already done the Purification Rundown then that is your next action. After that, get onto the trail to increased survival! ENROLL RIGHT AWAY for your SURVIVAL RUNDOWN! Contact an ASHO Registrar **immediately** at 213-660-5553.

### GRADIENTS

Life is improved on a gradient. It is improved a little and then a little more. If you expect somebody to come along with a great big horse syringe and chuck it into you and go whew! and there you are, an OT, Operating Thetan, highest state there is, all in a second, you've also bought the idea that you don't have anything to do with life. Because it is **you** and your awareness which is improving. It isn't the attendant and appended machinery you're surrounded with like your hands and your arms and automobiles that is improving, it is you. And in Scientology we are in the business of handling life, and we are the first ones who have attempted this in a very long time. And we are very good at it. We have been at it for quite a while.

If you were talking to a very sick man you might talk to him and say, "There's a state of OT whereby you get 100 miles tall and that's it." I don't think he would give you much attention. He would be talking to those pains in his stomach. You **could** tell him, "We can fix you up so you don't hurt." That would be a big win. When you had him so he didn't hurt, why he would be saying, "I wonder if I could sit up." Next gain. Then if he's sitting up, why he says, "You know, maybe I'll get downstairs tomorrow." The whole message here is when you tell a person about too big a jump, that you expect him to make too big an advance in too little time, you will give him a loss. And the Gradation Chart is a prevention against this. It not only tells the person where he can go, but it shows him the right stages to prevent him from having a tremendous loss.

The individuals who are on this planet were not issued an instruction book about themselves. I wish to register a protest about this. We have had to do it all from scratch. But this is an instruction book on self, not an instruction book on the body or how you should be a good boy or a good girl in the society. How do you learn about yourself? What are you going to do, where can you go, what are your capabilities? You would learn that by studying one lesson at a time and by achieving one improvement at a time. And if you did that in an orderly fashion you not only get very few losses but you would be able to advance up to a very high state.

## BE ABLE TO BLOW THROUGH STOPS AND REACH YOUR GOALS!

Do you want to become more effective? Start your training on the Academy courses in the Church of Scientology nearest you!

A better understanding of the mind can help you in life. A vital part of the Training Bridge to Clear and OT!

Technical breakthroughs have made each step of the Academy training the right gradient. You begin with the Student Hat Course, learning how to become efficient and effective as a student. This course contains all of L. Ron Hubbard's fantastic discoveries on the subject of STUDY.

Next you gain knowledge of the mind on the New Era Dianetics Course (NED). This course is Ron's refinement of all previous Dianetic techniques from 1950 to present time. These new techniques give people even *faster* results and *higher* gains for fewer number of auditing hours! Plus the course itself takes far less time than it has in the past.

Following the NED Course you are on the Academy Levels! Be able to apply the technology of Scientology to help people. Stride through the jungle of life the *easy* way as an Academy trained Class IV Auditor.

#### FACE AND HANDLE LIFE WITH CONFIDENCE!

With your Academy training complete you are now ready to start The Saint Hill Special Briefing Course! L. Ron Hubbard has this to say about training:

"Many people believe that Scientology materials contain mainly processes. They think of Scientology as processing. This is a very narrow view. It is understandable enough as processing is the way out for them. But this neglects the more considerable materials which deal with the basics and fundamentals; processes are only one use of these."

"Other people, having gotten their smallest toe damp as an HAS (Hubbard Apprentice Scientologist) then wander off to other fields looking for answers, whereas had they taken Dianetics or Scientology Grade training, to say nothing of the Saint Hill Special Briefing Course, they would have found more fundamentals than exist in all other subjects combined, a fact which any advanced student of Scientology can confirm." - LRH

Each Church of Scientology around the world has an experienced Registrar you can see for details on the courses mentioned above. Get the answers! Find out how you can gain from Academy level training, and then move onto the Saint Hill Special Briefing Course with ease.

"Auditing skill is a discipline in living and a know-how of the parts of life which is in itself something new in the universe. Even OTs don't have auditing skill since there have never been auditors behind them."

"There is such a thing as learning. There are such things as data."

"Scientology is the data necessary to *live*." - LRH

(Con't from page one)

Then he gets up to a point where he can communicate. Above that he gets to a point where he can perceive. Above that, in order to be oriented, you have to be able to perceive. You can't find out where you are unless you can perceive where you are. And so you get oriented, and after orientation comes understanding, and after understanding comes enlightenment. Believe me, enlightenment never takes place before understanding. Lots of people think it can.

Up above that an individual again gets a return of his energy. He gets an adjustment. He becomes aware of the fact of a body and that he is not a body. He gets to a point where he can predict. He gets into action. He himself is capable of production. He knows a result when he sees one. He can review the things of his life and take care of it. He retains his ability, his purposes, his own purposes start coming out straight for the first time. He didn't ever realize he was really running on other people's purposes. And he gets a clearing of his entire past and other purposes and a realization of himself. Then he goes into a state where he is capable of power. But by the time he gets to that state he is of course totally responsible and can be trusted with it. Otherwise he won't make it.

When we look all this over, we find ourselves on one column on this chart. We have paralleled it by various techniques and activities which approximate and bring about these conditions as they go up. An individual moving up this chart does make these various steps and arrive finally at the top.

A lot of people are making it now that this chart has come into existence, and we're having no real difficulty getting people to attain these various conditions.

Scientology **does** contain the entire map of getting the individual through all the various points on this gradation scale, getting him across the Bridge and to a higher state of existence.

It would be nice to tell you that actual development of Dianetics and Scientology is only 15 years long. It isn't. It would be nice to tell you that it was only 30 years long. It isn't. It would be nice to tell you exactly how long it was but you probably wouldn't believe me, so I won't bother to tell you how long I have been searching for the route, but having searched for it, there it is.

I hope you have a very happy passage across the Bridge.

## Scientology Definitions

ASHO - American Saint Hill Organization. L. Ron Hubbard taught the original Saint Hill Special Briefing Course at Saint Hill, England from 1961 to 1965. The term SH (Saint Hill) now applies to any organization authorized to deliver those upper level Scientology services hence we also have the "American Saint Hill Organization" (ASHO).

AUDITOR - A listener or one who listens carefully to what people have to say. An auditor is a person trained and qualified in applying Scientology processes to others for their betterment.

BANK - The Reactive Mind. A portion of a person's mind which works on a totally stimulus-response basis which is not under his volitional control and which exerts force and the power of command over his awareness, purposes, thoughts, body and actions.

BRIDGE - 1. The route to Clear, the Bridge, which we call the Classification, Graduation and Awareness Chart. 2. A term originating in early Dianetic days to symbolize travel from unknowingness to revelation.

CASE - The way a person responds to the world around him by reason of his aberrations.

CLASS - A gradient classification system for auditor levels. Classes so far released are numbered from 0 to XII.

CLASS VIII - A Class VIII Auditor. The Class VIII course teaches exact handling of all cases up to 100% results.

CLASS IX - The Class IX course is taught at Saint Hill Organizations and contains data concerning advanced procedures and developments since Class VIII.

CLEAR - A thetan (see definition below) who can be at cause knowingly and at will over mental matter, energy, space and time as regards the First Dynamic (Survival for Self).

DIANETICS - from dia (Greek through) and nous (Greek soul), deals with a system of mental image pictures in relation to psychic (spiritual) trauma.

DYNAMICS - There could be said to be eight urges (drives, impulses) in life. These we call dynamics.

E-METER - The Hubbard E-Meter is a religious artifact developed for the exclusive use of ordained ministers and theological students who are trained in its use in Church ministrations. It is not intended for and is forbidden by the Church to be used in any medical or physical treatment or the diagnosis, treatment or prevention of any disease. By itself it does nothing and is strictly not to be employed for medical or scientific purposes. Its purpose is to assist the minister to locate in his parishioner areas of travail so that he can assist in the relief of spiritual suffering. The existence and use of the E-Meter is sanctioned by law, and the copying of it or attempts by unqualified persons, doctors, scientists, psychologists or psychiatrists, to obtain or use

one are actionable under law in the United States. To obtain an E-Meter, one must be a sincerely enrolled student of the Church of Scientology or a fully qualified Minister of that Church and must undertake as well to become wholly skilled in its purpose and use. No other persons are permitted to have E-Meters. The Church permits the E-Meter to be sold, possessed or owned only under these conditions.

FLAG - The centre for all international organizations management of Scientology.

GROUP PROCESSING - Techniques, usually already codified, administered to groups of children or adults.

INTERNSHIP - Serving a period as an intern, or an activity offered by a Church of Scientology by which experience can be gained.

LEVELS - Grade and Level are the same thing but when one has a grade one is a preclear (see definition below) and when one has a level one is studying its data. For more information, see the Classification, Graduation and Awareness Chart at your local Organization or Mission.

NED COURSE - New Era Dianetics Course.

PRECLEAR - One who is discovering things about himself and who is becoming clearer.

READ - The action of the needle on the E-Meter dial falling (moving to the right).

RUNDOWN - A series of steps which are auditing actions and processes designed to handle a specific aspect of a case and which have a known end phenomena.

END PHENOMENA - Those indicators in the preclear and meter which show that a process is ended.

SAINT HILL SPECIAL BRIEFING COURSE - Has certain distinct purposes. The course was begun to do two things: 1. To study and resolve training and education, and 2. To assist people who wanted to perfect their Scientology.

SCIENTOLOGY - An applied religious philosophy designed and developed by L. RON HUBBARD to make the able more able. Scientology is formed from the Latin word "scio" meaning know or distinguish, and from the Greek word "logos", meaning the inward thought or reason itself. Thus Scientology means knowing about knowing, or science or knowledge.

THETAN - The person himself-not his body or name, the physical universe, his mind or anything else, that which is aware of being aware; the identity that IS the individual.

OT (OPERATING THETAN) - A Clear who has been familiarized with his environment to a point of total cause over matter, energy, space, time and thought, and who is not in a body.

WIN - Intending to do something and doing it or intending not to do something and not doing it.

## ALL ABOUT RADIATION by L. Ron Hubbard

Read Ron's original research data on the subject of radiation. Own this vital survival hand-book!

In the late '50s, when most "men of science" were busy making bigger and better bombs, L. Ron Hubbard was doing intensive research into radiation - what it is, what its exact hazards are, and how to minimize any danger.

ALL ABOUT RADIATION tells you the results of that research.

Here's the book that tells you what you need to know about radiation. What is it? How does it affect the body? What happens in areas near an atomic explosion? How does one minimize the hazards of "fallout" on the body? And much more data.

Order this book now from the ASHO Day Bookstore. This is valuable data you need today on your training route to Clear and OT.

Only \$24.68!

## SHSBC Student gives talk in Mexico City

Aida says, "I don't see how a Scientologist can survive without the Briefing Course!"

ASHO's Ambassador to Mexico is Aida Acquirre de Thomas. Aida is Clear and currently on the Saint Hill Special Briefing Course. As a student, gaining certainty in handling life and helping others, Aida has had tremendous wins. And having a great admiration and caring for her home country, Mexico, Aida arranged with ASHO's tours team to go with them to Mexico so that she could share her wins and lecture on the Saint Hill Special Briefing Course to Scientologists and non-Scientologists there. Upon her return the Auditor Office personnel arranged an exclusive interview:

### THE AUDITOR:

"What happened when you went to lecture to our public in Mexico City?"

AIDA:

"I told them all about my wins on the SHSBC, how good it was to be on this course, studying LRH's technology. We had a huge event with 1200 people and many non-Scientologists. We gave the lecture and showed the special slide show on the SHSBC. We then said anyone who wanted to come and do the Briefing Course should come up on stage. And about 30 people came up on stage! It was really exciting! I was so moved. People were really up tone."

"The next day we had appointments all day long. There was one person who had just finished the Communication Course and had just started the Student Hat. He didn't have any auditing yet and yet he bought the Super Boom Package (Editor's Note: Please refer to the insert of this magazine to find out more about this special package). It was unbelievable!"

### THE AUDITOR:

"What do you feel was the cause of their excitement about the Briefing Course?"

AIDA:

"I talked to them about LRH's technology being so good for my life and explained how important it is to get trained and from this they realized that by training you can go OT. Also, I explained to them in Spanish how great it is just to be on the SHSBC. When they saw the ASHO slide show they were really impressed by the way LRH set up the Briefing Course. They saw that everything is so A to B. Anything you need, the supervisors are right there to handle."

### THE AUDITOR:

"What have you gotten out of the SHSBC that has helped you to handle life and people?"

AIDA:

"As a Field Auditor I can handle my preclears much better! In some of the tapes on the SHSBC, L. Ron Hubbard gives a lot of data on how to handle questions that non-Scientologists ask you!"

### THE AUDITOR:

"What did you do on the Bridge before the SHSBC?"

AIDA:

"I did the NED Course, NED Internship and other courses. After the NED Internship, I felt I could handle anybody. I felt really powerful!! However, I didn't know all the processes and I didn't have full certainty on why Ron did this and why Ron did that. I felt I was missing something really big. I knew it was the Briefing Course!"

"To me, training is very important! NOW, I can't understand how a Scientologist can survive without the Briefing Course! That's what I told the people I lectured in Mexico City: Do you ever wonder how you or other people can survive without Scientology? Well, I wonder how anyone can survive without the Briefing Course!"

## THE BRIDGE by L. RON HUBBARD

We find ourselves the sole guardians of the only bridge between the lower and the highest states of existence. The Gradation Programme therefore could be called the 'Road Map Across the Bridge' and if we would preserve the bridge we must then preserve the Gradation Programme and frown on violations of it in the knowledge that such violations will drop many more into the Abyss than would isolatedly be speeded across. Let us not apathetically shrug away the responsibility for accomplishing the hopes of Man, but keep for him a bridge which he can travel to reach a higher and far happier state of existence with similar resultant improvements in his societies, thus carrying him away from the inhumanity and barbarity with which he has been forced, through lack of enlightenment to handle his affairs. Man's complete destruction would surely follow our forgetfulness. Therefore the Gradation Programme.

Man has been trying for thousands of years to find his way upward and out. The way has been found, the bridge approaches and spans well marked. If followed precisely the way will be passable. Even so well marked and followed, it will be bumpy enough. For you should not expect a ride on a cloud while passing in fact through the accumulated hell of eons. But you can get across and safely to the plateau.

If you violate the rules of the game, you will not pass at all but arrive instead in the Abyss, not because we want you to but because you would not walk upon the road.

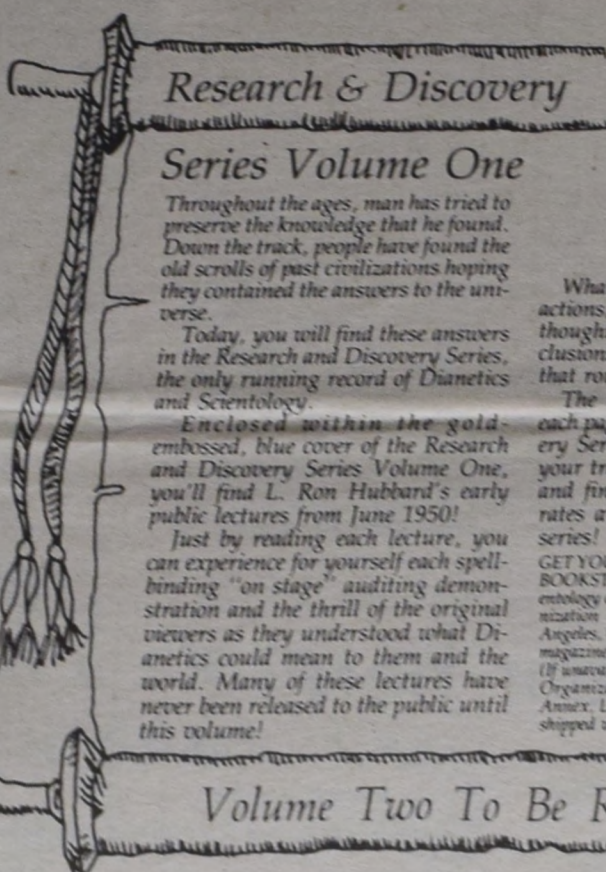

## L. Ron Hubbard, Founder

Cut-rate auditing, slip shod training, getting more auditing than you give, pretending to understand when you don't, buying some off beat brand, experimenting with peyote, listing 'your own goals' yourself, turning up late for appointments, suing somebody to make trouble, piling up withholds against your auditor, any of these or other departures will hold you up or stop you completely. We know. We've been through it all, again and again.

There is no shorter way than this. We're lucky that there's any way at all. There never has been before, you know.

So good luck, good processing, good auditing and good wins. We'll see you on the other side.

### Research & Discovery

#### Series Volume One

Throughout the ages, man has tried to preserve the knowledge that he found. Down the track, people have found the old scrolls of past civilizations hoping they contained the answers to the universe.

Today, you will find these answers in the Research and Discovery Series, the only running record of Dianetics and Scientology.

Enclosed within the gold-embossed, blue cover of the Research and Discovery Series Volume One, you'll find L. Ron Hubbard's early public lectures from June 1950!

Just by reading each lecture, you can experience for yourself each spell-binding "on stage" auditing demonstration and the thrill of the original viewers as they understood what Dianetics could mean to them and the world. Many of these lectures have never been released to the public until this volume!

What were the progressive series of actions, the day by day, week by week thoughts, steps, demonstrations, conclusions and tests that Ron took along that route?

The answers unfold as you turn each page of the Research and Discovery Series Volume One. Add this to your training library today. Order it and find out about the subscription rates available to you for the entire series!

## FOCUS ON SUCCESS

"The level A section of the SHSBC was great!!! I have had the opportunity to go in session a lot. The gradient is perfect. All the bulletins and data on the course got more and more real to me as I went along. I've enjoyed auditing very much. In life, I've become more aware by using the data. I can definitely see why Ron says the training side of The Bridge is 50% of your gains in Scientology. My knowingness has increased and my postulates are stronger. I know it's almost all from the training because I haven't had any auditing for about a year. I've done the Purification Rundown and I'm sure that helped too, but a lot of the gains, personally, are from the training! Thanks to the supervisors on the Briefing Course. And a special thanks to Ron Hubbard for giving all of us this incredible data!"

L.C.

"While doing the Briefing Course, I work as a writer in advertising. The data on the Briefing Course has helped me a great deal in handling people. Because of this I helped a person in charge of personnel for a large company. Not only did I handle his problem but this major company's problem too!"

B.B.

"Finishing Part I and Part A of The Briefing Course has given me tremendous case gain. My awareness and abilities as a being have increased to degrees that I thought I would have to wait for on my OT levels. The Briefing Course has also helped me to communicate better and be more at ease not only as an auditor but also as an actress."
